Keeping the memory of *Task Force Ranger* alive at the Mogadishu Mile

The Three Rangers Foundation is grateful for Queenslake's support of the Mogadishu Mile and the role John and his team play in keeping the memory of Task Force Ranger alive.

Queenslake provides a beautiful, well-maintained setting for this event, but what makes it meaningful is the thought and care behind it. From the Normandy Beach obstacle to the memorial markers honoring the 19 fallen service members along the course, the event creates a space for veterans, families, and supporters to come together, remember, and honor their sacrifice.

We appreciate Queenslake's commitment to bringing veteran-focused organizations and programs together, including Guitars for Vets, and the volunteers and crew whose efforts make this event possible. These opportunities for connection and shared experience matter to the veteran community, and we are proud to support an event that honors our fallen while bringing veterans together.
